

APS is equipped to provide complete Integrated Automation solution in the field of Plastics, Textiles, Pharma, Sugar, Chemicals, Paper, Printing, Elevators, Cranes etc.

APS is also ABB Level 3 Certified Service centre and is well equipped to provide on site commissioning and repairing services.

APS POWER SYSTEMS PVT. LTD.

Established in 1996 APS today has emerged as one of the leading performer for ABB AC and DC variable speed drives. APS has been awarded as top performer in Asia region in year 2007 and number one dealer for ABB drives for last three years in a row. Today APS is leading supplier for ABB drives, motors, switchgear and automation system in western India. APS is also leading stockist for CST-Crouset Micro PLCs, BLDC - Micro Motors, ESSEN - Electrical control products, BALDOR Servo motors and servo drives. Due to dedication and commitment, APS is the most preferred vendor for timely deliveries and service back up.
